Privacy Policy

Weather Research Center, Inc. is committed to your privacy, both online and non-online. Please read the following to understand how the personal information you provide to us will be treated. This policy may change occasionally so please check back periodically.

On-line Privacy

WRC does not solicit funds online, therefore no information is gathered from our websites, www.wxresearch.com and www.wxresearch.org, save for the number of hits each website receives.

Non-online Privacy

WRC asks you to provide us with standard contact information in the John C. Freeman Weather Museum's sign-in book, including name, address and e-mail address.

For the Weather Museum's educational programs, we ask that you provide us with your name, names and ages of participants, e-mail address and standard contact information including address and phone number (as well as credit card information if you are paying for programs over the phone).

Contact information is used strictly for mailing registration information to educational program participants, membership drive mailing and special event notification purposes and is not shared. Credit Card information is only used by WRC for the express purposes for which the credit card information was requested by us and provided by you.

You may request individual information that WRC has collected, correct/update inaccuracies, or remove your information from the WRC database by calling (713) 529-3076 or emailing your request at wrc@wxresearch.org and it will be taken care of immediately.

Mission: WRC advances the science of weather and the knowledge of the weather's impact on the global community through research, prediction, and education in order to inspire America's next generation of scientists and engineers.
